

Saguaro National Park - Saguaro Census Plot #32
March 9, 2010 – Park Staff and Volunteers

In this figure, green columns represent the number of saguaros counted in 1990, yellow represent 2006 and blue represent 2010. The x axis breaks down the saguaros into size classes. The total number of saguaros counted is on the far right side of the chart. There has been a decrease in the number of saguaros on the plot since the last Saguaro Census in 2006.
